Thank you for taking the time to view our catalog for our 29th Annual Production Sale. We are selling 159 bulls (142 Spring Bulls and 17 Fall bulls). We are also selling 81 Registered Spring open Heifers and 29 Spring calving Commercial open heifers. All of the Registered Cattle selling have been DNA and Parentage tested and EPD's are Genomic enhanced for greater accuracy. The animals selling have not received any creep feed.

The bulls selling are a very stout group and have performed well for us. This group is the top 2/3 of 240 bull calves that were born this past year. The bulls and heifers selling are sired by some of the most popular sires in the Angus breed and are out of a cow herd that we feel is as good as you will find anywhere.

We are selling more heifers than we have ever sold at auction before. Of the 81 registered heifers we have selected a group of 45 elite heifers that are as good of quality in type and performance as we have ever let go.

A Video of the animals selling will be available on our website (www.benoitangus.com) and also on the Live Auction. TV web site before the sale. The sale will be also show on the [http:// www.LiveAuction.TV](http://www.LiveAuction.TV) web site the day of the sale. We will be moving the cattle through the ring to show their great dispositions and type at auction time.

Again thank you for your interest in our program. If you have any questions please give us a call. We welcome you to stop by any time to view the cattle selling. We will be happy to show you around.

Sincerely

Benoit Angus

GROUPS OF THREE

Lots (206-241) are going to sell in groups of three. There will be twelve groups of 3 heifers selling. They are matched up by pedigree, size, age and type. These heifers will make some very nice cows for someone. All are out of nice uddered, good pedigree cows or heifers, but not quite the performance of the heifers selling individually.
