Anne Lampe, *Kansas Angus News* ..... (620) 872-3915

#### **INTERNET BIDDING**

Brad Fahrmeier, Live Auctions ..... (816) 392-9241

#### **ACCOMMODATIONS**

Call Benoit Angus at (888) 870-2855

#### **TRANSPORTATION**

Airstrips for small planes are available in Smith Center, KS. If you need information, call (888) 870-2855. We will arrange for pick-up service from the airport in our area if notified before.

#### **TERMS AND CONDITIONS**

Cattle will sell under the suggested terms and conditions of the American Angus Association ([http://www.angus.org/Pub/suggest\\_sale\\_terms.pdf](http://www.angus.org/Pub/suggest_sale_terms.pdf))

#### **HERD HEALTH**

The bulls were fertility tested on March 4th & 5th and scrotal measurements were taken then. The bulls in the sale have been pre-weaned and weaning vaccinated for respiratory disease. They have been poured and dewormed.

All potential carriers of AM, NH, CA & DD have been tested and all cattle will sell AMF-NHF-CAF.

All cattle are eligible for interstate shipment and will be accompanied by proper health certificate.

#### **SALE BOOK UPDATE**

A supplemental sheet will be available sale day with updated information. This sheet will take precedence over the sale book. We will post updates as soon as possible on our website.

#### **LIVESTOCK INSURANCE**

Jensen Livestock Agency, Sheila Jensen, (785) 262-1116, agent for American Livestock, Inc.

#### **LOT NUMBERS**

Ear tags on cattle correspond with not numbers in this book.

#### **DELIVERY**

Free delivery. All bulls will be delivered free in Nebraska or Kansas, or we will keep them 30 days and you pick them up, your choice. We will start to deliver a week after the sale. You can take them home the day of the sale and we will give \$50 off each bull purchased. All bulls selling over \$5,000 outside of Kansas and Nebraska will be delivered to a central point. This does not apply to any female lots. Transportation of heifers is the responsibility of the buyer.

#### **GUARANTEE**

All cattle sell with a first breeding season guarantee. Bulls selling are guaranteed for 90 days from first turnout against breeding injury. If a replacement bull is available, he will be provided. If a replacement bulls in not available, credit will be given in our next sale. Credit will be for the purchase price less volume discounts and salvage value of the injured bull, to be used for the purchase of one replacement bull. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made prior to October 1, 2019. This is not a mortality insurance policy. Mortality insurance will be available sale day.

#### **MEALS**

Coffee and donuts in the morning.  
Complimentary lunch will be served at 11:30 a.m.

**SALE DAY PHONE - (785) 725-3231**

**EXTRA LINE - (785) 725-3039**

**Doug Benoit - (785) 545-6806**

**Chad Benoit - (785) 545-8095**

**PLEASE BRING THIS BOOK WITH YOU TO THE SALE.**

**INFORMATION FOR ONLINE BIDDING  
IS IN THE BACK OF THE BOOK.**

621 Hwy. 36 · Esbon, KS 66941

We are proud to present to you our offering for our **30th Annual Benoit Angus Production Sale**. Thank you for taking the time to view our sale catalog. We feel we have an excellent offering of bulls and heifers in this year's sale, with the quality running deep throughout.

The bulls selling have many large sire groups with many  $\frac{1}{2}$ ,  $\frac{3}{4}$  and full brothers in the offering. Many of the bulls will work on virgin heifers and we have noted the ones we recommend for heifers and the ones for cows. As in the past, we have not CREEP FED any of the cattle selling so you can see the true maternal index for each animal selling. We strive to make our heifers and cows earn their keep and show their true milking ability.

We are selling 50 registered heifers from the heart of our cowherd. Our 2018 heifer crop was the biggest group of quality heifers that we have ever raised and we don't have room for all of them. We decided to sell the top 50 replacement heifers from our 5 year old cows and older. These heifers are out of cows with some longevity and have passed the test of time over the years here at Benoit Angus.

We will be videoing all the bulls and heifers selling and hope to have it up on our website a couple weeks before the sale. We welcome you to stop by any time to view the cattle selling. We will be happy to show you around our operation. All of the animals selling were raised right here, no cooperator herds, so we can show you not only the animal selling, but the dam that raised them.

Thanks again for your interest in our program and I hope to see you on March 21st.

Sincerely,

Benoit Angus  
Everett, Doug and Chad Benoit Families

Elbanna of Conanga 1209

## Confidence Plus

### Sire of Lots 1-38

Confidence Plus\* Was our pick of the bulls at the Connealy Angus sale in 2013.\*Plus is a true calving ease sire, one of the most consistent bulls you will find for calving ease in the angus breed. \*Plus off spring are big ribbed, soft made and super docile with tremendous thickness and capacity. \*We have over 60 daughters in production and they are broody, big ribbed, easy fleshing and good uddered. \*Elbana of Conaga 1207, the dam of Confidence Plus, was the \$120,000 Pick of the dams at the 2017 Connealy Angus sale, \*Confidence Plus progeny are topping sales nation wide and semen is bringing huge dollar amounts. \*The now deceased Confidence Plus was a Genex sire.

Carcass test results: We performed a carcass test in a commercial herd of a long time customer, the Anderson family, in Guide Rock, Nebraska. They have an outstanding set of commercial Angus cows and have been feeding there steers out at there home feedlot for several years. The cows were artificial inseminated to Confidence Plus and two other top carcass bulls in the breed. These two sires are labeled Reference sire 1 and 2. Both reference sire one and sire two had over 100 carcasses on record at the time of AI. AI was performed with a repeat of the three sires with each cow coming into the chute. We feel this was a true test of carcass performance and as you can see, Confidence Plus stayed right with these two top proven sires.

### Current EPDs

SIRE	CW (ACC)	MARB (ACC)	REA (ACC)	FAT (ACC)	\$G	\$B
Confidence Plus	52(.64)	0.82(.60)	1.11(.58)	0.021(.61)	48.34	174.57
Reference Sire 1	49(.84)	1.08(.83)	0.88(.80)	0.052(.83)	57.83	163.70
Reference Sire 2	47(.82)	1.34 (.81)	0.77(.77)	0.030(.80)	56.96	156.90

### Carcass Results

SIRE	# CARCASSES	AVG MARB	AVG REA	AVG CW	AVG BF
Confidence Plus	15	*579	14.2	871	0.73
Reference Sire 1	14	*565	13.7	865	0.67
Reference Sire 2	13	*581	13.2	884	0.80

\* Carcass results information:

200 = Traces (Standard)

500 = Modest (Average Choice)

300 = Slight (Select)

600 = Moderate (High Choice)

400 = Small (Low Choice)

700 = Slightly Abundant (Low Prime)

- \* His EPD profile is pretty impressive and I believe he will breed like his numbers.
- \* Dam is an elite pathfinder cow.

## Repeat Buyer Discount

To show our appreciation for the support of our loyal repeat customers over the years, we are offering a Repeat Buyer Discount. This discount will be 5% from your total purchase price if you purchased a bull in the prior year's sale. This discount will involve only the previous year's sale, not just any previous sale. If you did not purchase a bull last year, but purchased a bull this year, you will receive a 5% discount on our purchase in next year's sale should you decide to be a repeat customer. This will be an ongoing process that will continue in upcoming years. This discount does not pertain to the heifer lots.

- \* Our purchase in the 2016 Connealy Angus sale and a bull in which Connealy's used AI themselves with a son bringing \$20,000 this past fall.
- \* Template boast an EPD profile with a top 1% WW, YW, Scrotal, and \$F and a top 3% CW.
- \* Template sons are moderate birth weight, with explosive growth. Extremely docile and sons have huge scrotal. They will add pounds to your next calf crop.
- \* Template may be the hardest working breeding bull that we have ever had running our pastures. He gets them bred up fast and doesn't mess around.
- \* We are calving our first Template daughters and they are extremely attractive, long sided and very good uddered with adequate milk.

- \* Dam is a gorgeous 5 year old 454 New Day cow.

# Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 8-33 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	28	Milk	33
Birth Weight	21	Mature Weight	11
Weaning Weight	26	Mature Height	8
Yearling Weight	21	Carcass Weight	9
Dry Matter Intake	8	Yearling Height	11
Scrotal Circumference	13	Carcass Marbling	9
Docility	10	Carcass Ribeye	12
Heifer Pregnancy	14	Carcass Fat	10

## How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k by partner Zoetis. These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs

## The Heifers To Sale:

The last few years we have taken our replacement heifers to Heartland Cattle Company in McCook, Nebraska. Heartland was ran by Patsy Houghton, who has one of the best reputations in the country on her expertise in heifer development and breeding. We have brought the heifers there in December and they are fed there and then AI'd in April and May for 45 days. The heifers stayed there until mid July and this has enabled us to run more cows on our grass throughout the summer with the heifers not being here until July. This fall, Patsy let us know that she was retiring from the business. With this, we had to make a decision on finding a new development center or trying to do the breeding of the heifers ourselves. We have decided to try to take what we have learned from Heartland Cattle and try to breed the heifers here again.

Because of our results from the last few years at Heartland, we have a bumper crop of heifer calves over the last few years. We believe our 2018 heifer group is the best we have ever raised. We would love to keep all of these heifers, but we are not going to have grass for all of them. We decided to sale the top 50 heifers from our 2014 females and older. We are keeping the top heifers from our 1st and 2nd calvers all of the embryo transplant heifers. The 53 heifers in this sale are from the heart of this herd and are out of cows that have not only produced well but have been able to stay in our herd over the years and have passed the test of times. Check out the dams nursing ratios on these heifers and you will see the cow power behind these heifers. We would love to show you the dams of these heifers that we are selling. I think you would like what you see.

As you can see with the ad below, we are part of the Maternal Plus program through the American Angus Association. We still believe the backbone to our program and the backbone of the Angus breed is still the Mama cow. This has been dad's focus from his start in Angus cattle in the early 70's and it is one that we will not take for granted. The heifers in our sale and the heifers we are keeping have been handled and fed exactly the same and we believe are in ideal breeding condition for your convenience. Thanks for your interest in our program and if you have any questions feel free to give us a call. Heifers will sell on video auction. **They will not be run through the ring.**

**PRIVATE TREATY FEMALES FOR SALE:** We have for sale private treaty this spring: 50 cow/calf pairs all with heifer calves by side. Give us a call and we can give you further details - Doug 785-545-6806.

## COMMITMENT.

Raising quality registered Angus cattle takes commitment. As your genetic supplier, we take that seriously.

That's why we participate in MaternalPlus®. Through MaternalPlus, we devote extra time to tracking maternal traits beyond those normally required, ultimately targeting greater performance and predictability.

The data we choose to gather through this inventory-based program today sets the stage for reproductive and lifetime productivity tools tomorrow — tools to pioneer new ways of selecting the most profitable animals.

Herd improvement starts with smart decisions. A commitment to the female starts with MaternalPlus.

Contact AGI at 816-383-5100 or [agi@angus.org](mailto:agi@angus.org) for more information.
